ART Treatment Costs

(Effective Jan 2021)

The table below provides you with an estimate of the costs associated with an ART treatment cycle at CIVF. Once your personalised treatment plan has been created, you will receive a detailed specific quote so that you are fully aware of your costs in advance.

ART (Assisted Reproductive Technology) Treatment Cycle (Medicare item numbers)	Cycle Booking Fee (Gap Fee) Payable within one week of receiving your quote	Balance of cycle (Gap Fee) Payable on the day your medications are collected	Total Gap Fee	Expected safety net rebate
IVF / ICSI including Embryo Transfer (13200, 13201, 13209, 13215, 13251)	\$800.00	\$6200.00	\$7000.00	\$1775.00 (1 st Cycle of yr.) \$2550.00 (2 nd Cycle of yr.)
Frozen Embryo Transfer (FET) (13218, 13209, 13215)	\$250.00	\$3250.00	\$3500.00	\$780.00
Ovulation Induction / IUI (13203, 13209, 13221)	N/A	\$810.00	\$810.00	\$140.00
Oocyte Retrieval in rooms (13212)	N/A	\$600.00	\$600.00	\$ 90.00
Testicular Sperm Aspiration -TESA (37605)	N/A	\$1100.00	\$1100.00	\$ 880.00

Oocyte Retrieval- Other associated costs if performed in hospital:

- **HOSPITAL FEES** For patients with insurance cover, a fund excess may apply (check with the individual fund) Item number 13212.
For uninsured patients, oocyte retrieval is \$1171. (payable to Sunshine Coast Day Surgery).
- **ANAESTHETIC FEES** ('In hospital' procedures only)
This fee will vary between anaesthetists and duration of procedure.
You can obtain a quote by phoning the Sunshine Coast Anaesthetic Group - 07 5493 4383.

You may wish to consider Zip Money to help with the immediate costs of your cycle. Ask us for more information

The Coastal IVF Guarantee

- ❖ We guarantee that if there is not a viable pregnancy from a first standard stimulated IVF cycle, a second subsequent cycle will be provided with no out of pocket cycle costs if treatment is within the same calendar year* (see explanatory notes over page)
- ❖ We guarantee that you will not have IVF if you do not require it.
- ❖ We guarantee your cycle will be safely managed throughout by a private clinician.
- ❖ We guarantee no unexpected costs.

What is included in the cycle fee?

At our clinic, each cycle is individualised and there are:

- a) no restrictions or limits to clinical / embryology services during ART cycles
- b) no cycle modifications which are not clinically appropriate to your care
- c) no nurse-only services
- d) no add-on services and no unexpected clinical / embryology fees.

The standard cycle fees include (where necessary):

- ✓ All medical and clinical procedures by an experienced clinician
- ✓ Scans / procedures and transfers provided 7 days per week when indicated
- ✓ Intracytoplasmic sperm injection (ICSI)
- ✓ Sperm DNA testing and selection in the cycle (PICSI)
- ✓ Use of embryo scope for embryo monitoring and selection
- ✓ Extended embryo culture up to 5-6 days (blastocyst culture)
- ✓ Micromanipulation procedures on the early embryo (embryo hatching)
- ✓ Freezing of embryos (cryopreservation)
- ✓ Psychology Counselling: *Counselling is provided with our clinical psychologist for issues associated with an IVF Treatment cycle – this is covered without any additional out-of-pocket cost. The nurse coordinators are also available to discuss any concerns and we have a patient support group to provide additional advice to our patients.*
- ✓ Second cycle of choice if no viable pregnancy occurs on the first cycle.

Non-Standard Procedure costs – applicable in certain circumstances only

- **Embryo Biopsy & Pre-Implantation Diagnosis (PGS/PGD):** See Separate Fee Sheet
- **Donor Oocyte / Donor Embryo cycles:** Individualised quote required
- **Coastal IVF Clinic Donor Sperm:** \$700.00
- **Extra Pharmaceutical Costs:**
Some medications require a private script and therefore you will be required to purchase these at the pharmacy. (Routine ART medications during your cycle and luteal phase are provided by the clinic and are covered by the booking fee)
- **Sperm Cryopreservation** (Includes short term storage) \$200.00 – Subsequent samples \$75.00.
- **Annual storage fee** (Frozen embryos / semen/oocytes – irrespective of numbers): \$300.00 per annum.
Reduced storage fees are available for 2- or 5-year storage agreements. Please discuss with staff for more details.
- **Sperm Analysis + HBA Testing:** (when outside of an ART cycle) \$150.00

** Explanatory notes / conditions of guarantee: Only applies when initial cycle is IVF/ICSI Subsequent cycle may be either FET or IVF/ICSI cycle – Medicare items 13201, 13202, 13209, 13218, 13215, 13251. No out-of-pocket cycle costs means all costs after Medicare, Health Fund & Safety Net Rebates. Viable pregnancy means an ongoing pregnancy confirmed by ultrasound after 6-7 weeks gestational age. Subsequent cycle must be commenced within 6 months of initial cycle start date. If the subsequent cycle is in a new calendar year a small out of pocket cost may be required to ensure your safety net rebate is reached. Exclusions: donor cycles, genetic testing, anaesthetic or theatre fees etc or any services not provided by Coastal IVF.*
