

IVF Treatment costs

April 2024

At Coastal IVF all IVF cycles are provided at a standard cycle fee without add-on costs.

When a cycle is planned, you will receive a written quote specific for your care- this lists all costs in advance and the quotation outlines the payment schedule before you commit to treatment.

Each treatment cycle will have a non-refundable booking fee which covers the cost involved for cycle planning, pre-cycle consultation and ultrasound scan, and supply of IVF medications if required. After payment of the booking fee, the cycle date will be confirmed by the nursing staff, who will contact you to arrange an appointment time for you to collect your plan and medications. In the unfortunate event that your cycle is cancelled, the booking fee will be applied to cover the costs of the treatments to date.

Booking Fee IVF	Booking Fee ICSI	Booking Fee FET
\$500.00	\$500.00	250.00

Oocyte retrieval

- Hospital Fees: For patients with health insurance, a fund excess may apply (check with your individual fund) Medicare item number 13212. For uninsured patients, oocyte retrieval is Approx. \$1200.00-payable directly to the Sunshine Coast Day Surgery on admission,
- Anaesthetic Fees: Applicable to 'in hospital' procedures only, this fee will vary between anaesthetists and the duration of your procedure, a quote can be obtained from the Sunshine Coast Anaesthetic group- Tel: 07 5493 4383
- Email: scag@sunshinecoastanaestheticgroup.com.au.
- In rooms oocyte retrieval: May be suitable for some patients, if clinically appropriate, (see costs in table above for local oocyte retrieval).

Non standard procedure costs

- Embryo biopsy & pre- implantation diagnosis (PGS/PGD)- (see separate fee sheet)
- Donor oocyte/donor embryo cycles: individualised quote required
- Donor Sperm \$800.00 (Coastal IVF donors) or \$1650.00 (Central IVF donors) \$2500.00 (Seattle donors)
- Sperm analysis + HBA testing (outside of an ART cycle) \$150.00
- Sperm cryopreservation (includes short term storage) \$250.00- subsequent cycles \$100.00
- Long term cryopreservation storage of Embryos and/or Gametes (semen/oocytes). The Storage program and payments are managed by Embryo Options on behalf of Coastal IVF. Annual storage fees are \$450.00 (per specimen type) - irrespective of numbers: with options to pay annually or monthly. You will receive an email invitation from Embryo Options to register approx. 2 months after completion of cycle.
- Extra pharmaceutical costs- some medications require a private script and therefore you will be required to purchase these at the pharmacy. Routine ART medications during your cycle and luteal phase are provided by the clinic and are covered by the booking fee.
